

SPEAKING

"Dear Younger Me", International Association of Lighting Designers Enlighten Americas Conference, October 2019, Albuquerque NM

"Lighting for Healthcare", Eaton 1-day fundamentals course, September 2019, Houston TX

"Michigan Lighting Hall of Fame Inductee Acceptance", IES Southeast Michigan Section, December 2018, Detroit MI

"Seeing Light in Architecture", Southern Illinois University IIDA, October 2018, Carbondale IL

"Lighting eHarmony: Does Your Product Website Make You Un-Datable or the Perfect Catch", LightFair International, May 2018, Chicago IL

"From the Shadows – Inspirational Stories of Women in Lighting", LED Specifier Summit, November 2017, Chicago IL

"Living with OLEDs, A Designer's Journey", Industrial Forum of the International Meeting on Information Display, August 2016, Jeju Island, South Korea

"A Rainbow of Possibilities – Navigating the Color of Light", Healthcare Design Conference, November 2015, Washington DC

"Living with OLEDs, A Designer's Journey", LED Specifier Summit, November 2015, Chicago IL

"Living Under OLEDs – A Designer's Journey", OLED World Summit, October 2015, Berkeley CA

"Ready, Set, Illuminate: Conquering Lighting Design Challenges in the World of LEDs", Philips Lighting Chicago Rise and Shine Series, July 2015, Chicago IL

"Retrofitting Your Home with Energy Efficient Lighting", Fox Lake District Library, September 2015, Fox Lake IL

"Tuning the Spectrum: Light, Health, and the Pursuit of Happiness", DOE Solid-State Lighting Market Development Workshop, November 2014, Detroit MI

"Lighting and the New LEED", Jesco Lighting in association with PARSONS, The New School for Design seminar series, March 2014, New York City, NY

"Sustainable Healthcare", Cooper Lighting The Source Education Center as part of "Advanced Healthcare Lighting Symposium", February 2014, Peachtree City, GA

"What's in a Name?" IESNA Chicago Section Pecha Kucha Night, February 2014, Chicago IL

"US DOE Solar Decathlon 2013 Review", IESNA Chicago Section Pecha Kucha Night, February 2014, Chicago IL

"Better Lighting Solutions in Common Commercial Applications", Energy Efficiency Exposition, Rosemont IL, September 2013.

"Trends in Healthcare Lighting", IESNA Milwaukee Section, January 2013, New Berlin WI

"Advanced Healthcare Lighting Symposium", 3-Day Symposium including presentations "Trends in Healthcare Environments", "Special Needs Environments", "Lighting Design for MRIs and ORs", "IESNA RP-29-06", and "Sustainable Healthcare", September 2011 at Cooper Lighting The Source Education Center in Peachtree City GA, and October 2012 in Vancouver BC.

"5 Forward", General Electric media presentation panelist on the future of lighting, GreenBuild, November 2010, Chicago IL

"Trends in Healthcare Lighting", IESNA Los Angeles Section, January 2010, Los Angeles CA

"Candela, Lumens & Lux, Oh My! Lighting Fundamentals for Architects & Interior Designers", LightFair International Workshop, May 2009, New York NY

"Healthcare Lighting", IESNA Orange County Section, April 2009, Irvine CA

"Evidence-Based Healthcare Lighting Design", LightFair International, May 2008, Las Vegas NV

"Now that You're on the Sustainability Bandwagon, Why Sing So Loudly?" IESNA Eastern Region Conference – Bringing Light to Green Design, May 2008, Vienna VA

"Healthcare Lighting Solutions Workshop", 2-Day Workshop including presentations "Trends in Healthcare Environments", "Light & Health", "Special Needs Environments", "IESNA RP-29-06", and "Lighting Design Space Workshop", Cooper Lighting The Source Education Center, December 2007, March 2008, October 2008, March 2009, and March 2012 in Peachtree City GA, June 2009 in Universal City CA, October 2009 & April 2010 in Houston TX, October 2010 in Chicago IL, June 2011 and December 2011 in Toronto ON, July 2011 in Irvine CA, October 2012 in Vancouver BC, June 2013 and March 2014 in Denver CO.

"Trends in Healthcare Lighting", IESNA St. Louis Section, October 2007, St. Louis MO, IESNA New England Section & September 2007, Boston MA

"Healthcare Lighting: The Future Is Now", Crites-Tidey Lighting Forum, September 2007, Grand Rapids MI

"The Value of Using a Lighting Designer", NeoCon, June 2007, Chicago IL & AIA Chicago Professional Development Conference, March 2006, Chicago IL

"Lighting for Hospitals and Health Care Facilities", IESNA, April 2007, North American webcast

"Energy Efficient Lighting Design: What are the Trade Offs?" IESNA Capitol Section, March 2007, Washington DC

"Health Care Lighting and the New ANSI/IESNA RP-29-06", IESNA Ohio Valley Section, January 2007, Cincinnati OH & IESNA Pittsburgh Section Health Care Lighting Exposition, November 2006, Pittsburgh PA

Key Note Address: "The New Face of Health Care", IESNA Pittsburgh Section Health Care Lighting Exposition, November 2006, Pittsburgh PA

"Health Care Lighting", Lightology Summer Seminar Series, July 2006, Chicago IL

"Lighting For People: A Guide to Designing Quality Lighting in the Built Environment", IESNA, April 2006, North American webcast resource

"Lighting in Healthcare", Lithonia Lighting Specifier Center, September 2005, Conyers GA

"Lighting and Healthcare – What's on the Horizon?" Symposium on Healthcare Design, September 2005, Atlanta GA

"Healing Environments", LightFair International, April 2005, New York NY

PUBLICATIONS

"Light + Design: A Guide to Designing Quality Lighting for People and Buildings", IESNA DG-18-2008, co-authored as part of IESNA Quality of the Visual Environment Committee, April 2009.

"Lighting for Healthcare Facilities", ANSI/IESNA RP-29-2016, co-authored as part of IESNA Health Care Facilities Committee, 2017.

"SSL Profile: Unusual Form, Great CRI, and Inspirational Nature Sell OLED", Architectural SSL, June 2016.

"DOE Gateway demonstration tests OLED lighting in an office setting", LEDs Magazine, May 2016

"Gateway Demonstrations: OLED Lighting in the Offices of Aurora Lighting Design, Inc.", U.S. Department of Energy, Pacific Northwest National Laboratory, March 2016 (Brief published May 2016).

"What's Your Brand?", LD+A (*Lighting Design + Application*), October 2015

"OLEDs: A Q+A with Lighting Designer Leslie North", IES Light Logic for the 21st Century, ieslightlogic.org, posted December 2014.

"Why OLED lighting will soon shine on you", C|Net Sci-Tech section, www.cnet.com/news, December 2, 2014.

"The Future Leaders", LD+A (*Lighting Design + Application*), December 2013.

"Design Guide for Sustainable Lighting: An Introduction to the Environmental Impacts of Lighting", IESNA DG-22-12, contributing author as part of IESNA Sustainable Lighting Committee, May 2012.

"Congress Halts Incandescent Bulb Ban", *Convenience Store Decisions*, January 2012.

"The Prognosis for LEDs", *Architectural SSL*, August 2011.

"Lighting the Way to Energy Efficiency", *Convenience Store Decisions*, February 2011.

"The Business Case for Quality Lighting", *Enlighten*, Fall 2010.

"Advanced Lighting Guidelines", New Buildings Institute web-based document www.algonline.org, lead author for "Design Considerations" section and co-author for "Luminaires and Light Distribution" section, launched Fall 2010.

"An Rx for Health Care", *LD+A (Lighting Design & Application)*, December 2009.

"Illuminating Good Health: Healthcare Lighting", *Electrical Contractor Magazine*, interviewed November 2008 by author Claire Swedberg for article content, published December 2009.

"Light + Design: A Guide to Designing Quality Lighting for People and Buildings", IESNA DG-18-2008, co-authored as part of IESNA Quality of the Visual Environment Committee, April 2009.

"Lighting for Hospitals and Health Care Facilities", ANSI/IESNA RP-29-2006, co-authored as part of IESNA Health Care Facilities Committee, April 2006.

"Fluorescent Lighting and EMI", *Today's Facility Manager, Facility Blog*, February 2006.
